HEALTHFUL VIGOR IN STRONG BLOOD

Rich, Red Blood Built Up by Pepto-Mangan—Liquid or Tablet

Blood is strong and full of life-giving vigor when there are plenty of red cells in it. Anaemic people have little strength because there are not enough red cells in the blood. It is thin and watery. Weak blood makes faces pale, pulls down the strength and leaves the body tired, weak and sickly.

A course in Gude's Pepto-Mangan restores weak blood to its normal strength. Taken regularly for a while it adds red cells to the blood, the strength and vigor of health return. There is pleasure in living, with good blood running through the veins. Gude's Pepto-Mangan is put up in liquid and in tablet form. They are the same medicinally. Physicians have prescribed Gude's Pepto-Mangan for years. The name "Gude's Pepto-Mangan" is on the package—Advertisement.
